

DOI, Constitution, Bill of Rights

OK! when we meet soon, we need to take time to write up three texts,
a declaration of independence from civilization as we know it
a constitution for the S.H.I.R.E.
and a bill of rights

i have been struggling while writing my articles and also while noticing the train of thoughts happening on the forum, and the truth is, if we want to develop the SHIRE as we dreamed it and not as a watered down version, we need the foundation. lets build the foundation this spring.
