We are trying to think of things we can sell on the site to pay for the shire to happen. I am going to put up a donations section as soon as the joomla is live which is soon. then I was thinking hand crafts/ art pieces. to me they are the same, anything worth doing is worth doing to the most beautiful possible. Ideas...

With Spider and Perigrinfalcon having art to sell ... What if we created a portion of the Shire site that was meant to help artists sell there work.
