yo we are # 8 right now... but we were 89 this morning man it has been a roller coster

Re:The SHIRE Page Google Ranking!!!

Posted by crossfire - 2008/01/16 05:20

Thats because a search query "The Shire" Will only match instances of The Shire. While a search query for 'The Shire', will search for 'The Shire' and 'Shire The' and just 'Shire'.
