

Annual meeting 09

Posted by Thenor - 2009/11/18 12:36

We had the 2009 annual meeting at the hundred acre woods our pilot project. All went well. We will post more as time allows

So, a month is a long time with still no minutes from the annual meeting. When will this be a serious project? How can I talk to someone?

They are coming. I do not have the notes yet but They will be available when time permits "holydays" put a damper on a lot of the web work. the more people ask for information the more relevant the web presence will be. We need your feedback. otherwise we feel like we are talking to a void.

hello all. hopefully the meeting minutes will be up soon, but in the mean time are there pictures we can post? We had a nice goat roast, fed many people and rendered fat and made soap! The meeting went well and hopefully in this new year we can strengthen our online efforts...
